LAW and SOCIAL TRANSFORMATION IN AEGEAN TURKEY

by JUNE STARR
Fellow, Sociolegal Centre, Oxford, England

1979 304 pp. Index, Bibliography, Maps $10.00 hardcover

"Starr is concerned with showing processes that defused some 'conflict interactions' and brought some others to a head. This theme is further and more systematically developed . . . [here] than in any earlier legal ethnographies . . . She is as much interested in 'conflict-managing', 'conflict-provoking' and 'conflict-avoiding' as she is in the playing out of the dispute itself . . . . By presenting the Turkish villagers' situation and perspective Starr has made a valuable addition to a growing body of literature in legal ethnography . . . Starr's local study is more than a good example of an established genre: it has raised standards for all who would follow."
